Projects

Heart Heal – Stress Wellness Platform

Developed a Flask-based wellness website designed to support individuals dealing with stress, anxiety, and emotional burnout. The platform helps users relax through guided journaling, stress-relief games, and motivational content.

Jun, 2025 - Aug, 2025

- Designed for individuals dealing with stress, anxiety, and emotional burnout.
- Includes guided journaling to help users express emotions and track moods.
- Added AI-driven motivational quotes and affirmations for daily encouragement.
- Implemented user authentication and data storage using Firebase.
- Provides a community interaction space for users with similar mindsets.
- Built using Flask (Python), HTML, CSS, and JavaScript for smooth performance.
- Received appreciation during a hackathon for its social impact and creativity.

Blood Donation Management System

This project is about creating a digital platform that connects blood donors with recipients in need. It simplifies the blood donation process by managing donor details, blood group availability, and emergency requests through a user-friendly web int

Jan, 2025 - Apr, 2025

- Donor registration and recipient request modules
- Real-time tracking of available blood groups
- Secure authentication for donors, recipients, and admins
- Responsive web interface using HTML, CSS, and JavaScript
- Backend built with Flask and MongoDB database
- Email alerts for matching donor availability

Trackify – Money Ledger Dashboard

This project is about building a personal finance management system that helps users track their daily income and expenses in an organized way.

Oct, 2024 - Nov, 2024

- Allows users to record and categorize income and expenses easily.
- Generates daily, monthly, and yearly financial summaries.
- Displays interactive charts and analytics for better visualization.
- Built using HTML, CSS, JavaScript, and MongoDB for backend storage.
- Includes secure authentication and clean, responsive UI.
- Designed to help users maintain better control over personal finances
